

XXL
BOOTH

BUSINESS RANGE

XXL BOOTH

Collaborative space - 6/8 people

Is a smart pods that are hybrid meeting spaces and that can be expanded by adding expansion modules fully connected and totally adapted to the user's needs.

Our "Booth" range office pods can accommodate a wheelchair thanks to their access ramp and can also be equipped with different types of equipment/furniture for their interiors.

The lighting and ventilation of the "Booth" pods are activated by a motion sensor.

OUR PARTNERS CERTIFICATIONS :

POSSIBLE CONFIGURATIONS:

TWO SIDES SOLID GLASS BACK: CLOSED SOLID BACK | **TWO CLOSED SIDES: - SOLID GLASS BACK - SEMI-GLASS BACK** | **ONE SIDE WITH A FULL GLASS BACK: - FULL GLASS BACK - SEMI-GLASS BACK**

Dimmer
Light and ventilation

A 5-speed dimmer switch for light and ventilation is mounted on the central column, allowing you to adjust the intensity of each piece of equipment as you wish. By default, smart pods are equipped with light, ventilation and connectors. They are activated when a person enters the smart pod.

The air inside the smart pod is fully regenerated every minute (intensity adjustable with the dimmer) When the smart pod is no longer occupied, it will remain on and continue to ventilate for 3 minutes to ensure that the air is fully regenerated for the next use. Once these 3 minutes have elapsed, the light and ventilation switch off automatically.

Of course, the smart pod can be occupied directly after the last use without waiting the 3 minutes.

In a BOOTH XXL smart pod, the recommended time of use is estimated at 1h - 1h30.

Screen 23,6" (optional)

Connectivity:
2 x 110v + USB A + USB C
+ 1 x RJ45

DIMENSIONS

LENGTH - WIDTH - HEIGHT

2500mm x 3423mm x 2200mm - Option ARS + 90mm(H)
